PREFACE.

Again we present our patrons and the public with a new edition of the SOMERVILLE DIRECTORY, and No. 11 of the regular series, with the hope that it will meet the wants of all who have occasion to use it.

We have spared no pains or expense to have all information furnished made as correct and reliable as possible.

Persons consulting the Directory, are reminded of the importance of knowing the precise spelling of a name, before looking for it, as names pronounced the same are often spelled quite differently, and appear on different pages

Americans, visiting Europe, will find our Directories on file at Messrs. Henry F. Gillig & Co.'s American Exchange and Reading Room, 449 Strand, Charing Cross, London, W. C. and 35 Boulevard des Capucines, Paris.

Our canvass shows an increase of names over that of last year, as will be seen by the figures given below:

Names in 1885,	10,332
" 1884,	9,752
Increase over last edition.	580

Our agents have received the usual courteous attention from all with whom they have come in contact while obtaining the information for this number, and with many thanks for the same

We remain, very respectfully,

W. A. GREENOUGH & CO.,

HOMES AND INVESTMENTS

— IN THE —

Highlands of Florida.

The western part of Orange County, on the backbone of the State, known as the beautiful "LAKE REGION," is very high and rolling, and is filling up with unexampled rapidity. Where three years ago were unbroken pine woods are now thriving villages and flourishing *Orange Groves*. The climate is very salubrious, being tempered by continual breezes from the Atlantic and the Gulf.

Any who desire to select a home or start a grove can secure the services of the subscriber, who, after patient investigation of different localities, has recently moved there from Massachusetts. He will give his careful attention to any business entrusted to him.

LAND SELECTED AND TREES PLANTED AND CARED FOR.

Address,

Rev. E. S. HUNTRESS,
Mount Dora,
Orange County, Florida.

HOMES AND INVESTMENTS

— IN THE —

Highlands of Florida.

The western part of Orange County, on the backbone of the State, known as the beautiful "Lake Region," is very high and rolling, and is filling up with unexampled rapidity. Where three years ago were unbroken pine woods are now thriving villages and flourishing *Orange Groves*. The climate is very salubrious, being tempered by continual breezes from the Atlantic and the Gulf.

Any who desire to select a home or start a grove can secure the services of the subscriber, who, after patient investigation of different localities, has recently moved there from Massachusetts. He will give his careful attention to any business entrusted to him.

DIRECTIONS TO KEY-HOLDERS.

When a fire is discovered, go to the nearest box to the fire, pull the hook down and let go: by listening at the box a small bell will be heard, which indicates that the alarm is being given; if possible, wait at the box and direct the firemen to the fire.

Never sound an alarm for fire seen at a distance.

Never open the box except to give an alarm of fire.

Never give a second alarm for the same fire, after the department has arrived, without an order from the officer in command of the fire.

Alarms are given in the following manner:—To announce the existence of a fire from box 35, the bells will strike three blows, a pause, then five blows, thus: III—IIIII.

Signs giving information where keys to the signal boxes are kept, are placed over each box, which citizens are requested to become familiar with, that there may be no delay in sounding an alarm.

Hose Companies, Nos. 1, 2, 3 and 4 will answer first alarms from the following boxes, namely :—

Hose No. 1. Box 12, 112, 13, 113, 14, 15, 16, 17, 18, 21, 23, 24, 25, 26, 31, 32, 34, 35.

Hose No. 2, Box 14, 16, 17, 18, 31, 32, 34, 35, 36, 38, 4, 41, 43, 45, 38, 48, 49.

Hose No. 3. Box 12, 112, 13, 113, 14, 15, 21, 23, 24, 25, 26, 27, 227, 28, 29, 31, 42, 46.

Hose No. 4. Box 27, 227, 28, 29, 35, 36, 38, 4, 41, 42, 43, 45, 46, 47, 48, 49.

Any person having a key, who should change his residence or place of business, will please return the key to the nearest Fire Department building, or to a police officer.

Engine Company No. 1, and Hook and Ladder Company No. 1, will answer all alarms.

Hose companies not responding to a first alarm, will answer to a second alarm from the same box, or first alarm from any other box, while that portion of the Department which has answered the alarm is in service.

Two blows on the fire-alarm bells is the signal that the fire is extinguished and the Department dismissed.

Meridian one blow on the alarm bells denotes 12 o'clock, standard.
